

## Fees for Non- NHS work Oct 2025

### Important Points:

- Fees must be paid in advance in cash.
- Private work is at the GP's discretion and NHS work will take priority.
- Requests can be made at reception, by phone, or online.
- No refunds if you change your mind after the work is done.
- Doctors are not required to write letters as it is not an NHS obligation.

If you insist on the GP changing your letter to suit what you think it should say, or if you want to dictate the contents, we may withdraw our offer to write the letter or allocate a further charge. Please remember, the doctor is not obliged to write a letter for you at all, as this is not an NHS requirement
